

This authorization for personal data treatment must be filled out to its entirety avoiding all and any signs of correction or cross outs and with a legible signature.

Version 2:
Valid since 01/01/2020

Considerations

This authorization applies for information treatment not intended for the prevention, detection, monitoring and control of money laundering and terrorist financing (for example, creating contractor and client databases), according to the provisions of Article 2, Law 1581 of 2012.

Authorization

By signing this document, I agree that UNIBÁN SERVICIOS S.A., hereinafter the Organization, in compliance with Law 1581 of 2012, has informed that:

1. The organization shall be responsible for the treatment of my personal information and that it may jointly or separately collect, use and process my personal information according to the Organization's Personal Information Management Policy and any applicable regulations.
2. Answering questions about sensitive data or about minors is optional. Sensitive data are those that affect the owner's privacy or whose inappropriate use may lead to discrimination, for example, political orientation, religious or philosophical beliefs, human rights, and information about health, sex life, and biometric data.
3. My rights as owner of the personal information are established by the Constitution and the Law, especially the right to know, update, as well as the right to revoke my consent to the treatment of my personal information.
4. The organization guarantees the confidentiality, freedom, security, accuracy, transparency, access, and restricted circulation of my personal data and, in addition, reserves the right to modify its personal data treatment policy at any time. Any changes shall be promptly notified and published at the organization's Personal Service Point located at Calle 52 No. 47-42., Edificio Coltejer, Piso 15, Medellín. In consideration of the above, I hereby grant my voluntary, prior, explicit, informed, and unequivocal authorization to the organization to manage my personal information to:
 - 4.1. Keep me informed through any medium about any products and services that the organization is currently offering or might offer in the market, or those offered by its subsidiaries or strategic allies.
 - 4.2. Inform and share with me, through any medium, the organization's advertising and promotional activities.
 - 4.3. Use my information so that the organization can perform all administrative, financial, commercial, and marketing activities directly related to the ordinary course of its business.
 - 4.4. Use my information so that the organization can transmit or transfer it whenever required by any state agency, properly authorized third party, or a controlled company or subordinate from the same business group.
 - 4.5. Use my information so the organization access, check, compare, and evaluate my information using credit bureau, financial, or private security databases, and police records.
 - 4.6. Use my information so the organization can prepare and/or publish statistical reports.
 - 4.7. Contact me through any medium so the organization can achieve its corporate objective and perform its everyday business.

The information obtained for dealing with my personal data has been voluntarily provided by myself and is accurate.
